TABLE OF CONTENTS

Chapter 3: Earthwork and Bases

Section 3-10 Clearing and Grubbing

3-10.1 .....General
3-10.2 .....Oak Wilt
3-10.2.1..Recommendations

Section 3-15 Removing Miscellaneous Structures

3-15.1 .....General
3-15.2 .....Abandoning Wells
3-15.3 .....Signs And Other Traffic Control Devices
3-15.4 .....Local Road Identification Signs
3-15.5 .....Mailboxes
3-15.6 .....Underground Storage Tanks

Section 3-20 Roadway and Drainage Excavation

3-20.1 .....General
3-20.1.1..Before Construction
3-20.1.2..Environmental Concerns
3-20.1.3..Borrow Pits Adjacent To Right-of-Way
3-20.2 .....Preparing Roadway Foundation
3-20.3 .....Salvaged Topsoil
3-20.4 .....Excavation Below Subgrade
3-20.5 .....Grading the Roadway and Intersections
3-20.6 .....Rock Excavation
3-20.7 .....Finish Grading
3-20.8 .....Finishing Roadway
3-20.9 .....Surplus of Unsuitable Material

Section 3-25 Structure Excavation

Section 3-30 Embankments

3-30.1 .....General
3-30.2 .....Compaction Methods
3-30.2.1..General
3-30.2.2..Standard Compaction
3-30.2.3..Special Compaction
3-30.3 .....Compaction Equipment
3-30.4 .....Embankment Slopes

Section 3-35 Borrow Excavation

Section 3-40 Granular Subbase Course

Section 3-45 Dust Control

3-45.1 .....Dry Application
3-45.2 .....Application in Solution

Section 3-50 Rubblizing Concrete Pavement

3-50.1 .....General
3-50.2 .....Preparation of the Concrete Surface
3-50.3 .....Drainage

3-50.4 .....Utilities
3-50.5 .....Rubblizing Equipment
3-50.6 .....Breaking the Concrete
3-50.7 .....Compaction
3-50.8 .....Filler Aggregate
3-50.9 .....Partial-Width Construction
3-50.10 .....Rain
3-50.11 .....Construction Traffic
3-50.12 .....Asphaltic Overlay
3-50.12.1General
3-50.12.2Paving
3-50.12.3Traffic Control
3-50.12.4Curb and Gutter and Partial-Depth Concrete Milling
