

Finals Goal Adjustment for ARRA Projects with Plant Establishment Periods

The 6 month goal of Final Estimate Paid will be adjusted for Plant Establishment Periods. The Payrolls, Materials and Semi-Final are anticipated to be completed within the original Final goals for ARRA projects so that the Final Estimate can be sent immediately after the Plant Establishment Period has been satisfied. Pavement Marking, Signs, Asphalt (HMA), etc, proving periods do NOT apply to this adjustment of the 6 month goal as those items are covered under the Performance Bond.
